

T-CAIREM

AI in Medicine

Conference

Ideas to Impact

October 12 - 13, 2023
InterContinental Toronto Centre

Dear Partners, _____

On behalf of the Planning Committee, we would like to invite you to participate at the University of Toronto's Temerty Centre for Artificial Intelligence Research and Education in Medicine (T-CAIREM) AI in Medicine Conference.

The event takes place at The InterContinental Toronto Centre on October 12th and 13th and brings together thought leaders, researchers, educators, health care professionals, and clinicians who are transforming medicine through Artificial Intelligence (AI).

We hope you will consider becoming a sponsor for this exciting and informative conference. To our knowledge, T-CAIREM is the largest academic AI in medicine network in the world with over 1,200 members and engages 24 universities and over 90 healthcare organizations across Canada.

This year's theme, "Ideas to Impact", brings together participants from a variety of disciplines including medicine, computer science, engineering, and statistics to share research and experiences with a core focus on accelerating the adoption of AI in clinical practice to improve patient care and healthcare system efficiency.

Through learning and networking, the conference will continue building T-CAIREM's community of professionals interested in advancing AI in health and medicine.

This two-day event is limited to just over 200 attendees and is designed to attract a wide range of participants and offer you flexible sponsorship benefits. Whether you are interested in introducing a new service/product, increasing your contacts, or reinforcing your position as an industry leader, the T-CAIREM AI in Medicine conference provides the opportunity to connect with your audience of leading health care experts and decision makers.

Please browse through these opportunities or contact us directly so we can tailor a sponsorship package that addresses your unique marketing and business objectives. We look forward to working with you and meeting you at the event.
